Make sure that you have filled out the yellow lunch application so that your child will qualify for this benefit. LIVING STATIONS OF THE CROSS Our 8th grade class has been preparing/praying a presentation of The Living Stations of the Cross. Students in grade 3-7 will be able to participate next week. Please be advised, because of space limitations only school children and the parents of 8th graders will be allowed to attend. Their work is profound and it grieves us to have to limit who may take part. Pray with us, that next year's 8th grade class will be able to freely present this ancient prayer to all who wish to take part. More pictures to come next week!

Hello IHM Families: Today marks the end of the 3rd quarter for the school year! What an amazing accomplishment! The kids have really pushed through this year and risen to the occasion. It's really hard to believe we only have one quarter left in the school year! While it seems like we have been in this pandemic for so long, this school year flew by as they usually do! As the COVID cases spike in Michigan, please remain vigilant in making sure your children are healthy for school each day. I hope the spring weather will help the numbers head back down, and we are all so grateful for a fairly quiet January and February in regards to

COVID. If you have any doubts about symptoms or exposure, keep your child home and monitor the situation. I am here to help as well with questions about close contacts or symptoms- I seem to know more than I ever wanted to know about all of the CDC and MDHHS and KCHD rules! I can't wait until I can forget I learned it all. Take care!

Blessings,
Mrs. Holly Lake

Immaculate Heart of Mary School, immersed in the teachings of the Catholic Church, is dedicated to providing excellent spiritual and academic formation in the development of well-rounded individuals centered in Christ.

IHM 2nd Graders presented their annual Petting ZOO this week. Each student chose an animal to research; made a shadow box at home; created a picture in art; learned the Spanish name and pronunciation of that animal in Spanish class and wrote a brief report. Other classes, like Mrs. Stockholm's 1st grade, were able to visit and admire, while making it their assignment to discern if each were a mammal, a reptile, or a bird. Disciples learn *and* teach!
