## **Hello IHM Families!**

*We are down to three weeks of school left! I'm not sure where the year has gone, but it really has been a great year together!*

*We are looking forward to next year! There are a few staffing changes for next year. **Mrs. Meredith Tallman** has decided to step away from her preschool position, but she will still be here as a Title Tutor for us during the week. **Mrs. Marianne Berkemeier** has decided to resume her retirement, but we look forward to having her here as often as possible for our substitute and other needs. We are so grateful she stepped in out of her retirement to bless our 4th graders this year. **Ms. Karen Gawronski** will be our new Preschool Director and so she will oversee all our programs including the new Enrichment Programs.*

*As both a teacher/administrator for the last 26 years and a parent for the last 15, I want to share the process the teachers go through each year to place children in classrooms for the next year. First, there is a lot of praying, then the teachers look at classroom personalities with other children along with each student's gifts and abilities and challenges. They also look at different teaching styles and what will be best for students. I ask you to trust in this process for your child as they know them very well in the school setting. We have amazing teachers in this building. They are all gifted in different ways and the kids learn different things from each of them. Here are the classroom assignments for next year. Keep in mind that this could change based on enrollment or other circumstances. All of our shared-time teachers are not yet set in stone. Please pray for those who are to join our IHM family.*
